**E-mail: [enquiries@airsafety.aero](mailto:enquiries@airsafety.aero)**

**Notes:**

**NOTE 1: General**

Before completing this form applicants are advised to read Article 73 on Page 5 and further information relating to Small Unmanned Aircraft, available on the ASSI website:

<http://www.airsafety.aero/sua/>

**NOTE 2: Applicability**

This form must be used to apply for:

- 1 Permission for **Aerial Work** operations in accordance with AN(OT)O Article 73(4)(b)
- 2 Permission for **Beyond Visual Line of Sight** operations in accordance with AN(OT)O 2013 Article 73(3) –.
- 3 Permission for operating at **reduced distances from persons, vehicles, vessels or structures** in accordance with AN(OT)O Articles 73(4)(a), (c), (d), (e)
- 4 Permission to operate **within the boundary of an aerodrome** in accordance with AN(OT)O 2013 Article 73(4)(f).

**NOTE 3: Completeness**

This application should be completed in full. Failure to do so may result in its return for re-submission or a delay in the processing of the application. If there is insufficient space to list all items, they can be listed on a separate sheet.

**NOTE 4: Definitions**

'Small Unmanned Aircraft' ('SUA') means any unmanned aircraft, other than a balloon or a kite, having a mass of not more than 25 kg without its fuel but including any articles or equipment installed in or attached to the aircraft at the commencement of its flight.

**Article 73 of the Order  
Regulation of small unmanned aircraft**

**73.**—(1) A person must not cause or permit any article or animal (whether or not attached to a parachute) to be dropped from a small unmanned aircraft so as to endanger persons or property.

(2) The person in charge of a small unmanned aircraft may only fly the aircraft if reasonably satisfied that the flight can safely be made.

(3) Unless the Governor has granted written permission, the person in charge of a small unmanned aircraft must maintain direct, unaided visual contact with the aircraft sufficient to monitor its flight path in relation to other aircraft, persons, vehicles, vessels and structures for the purpose of avoiding collisions.

(4) The person in charge of a small unmanned aircraft must not fly the aircraft—

- a) at a height of more than 400 feet above the surface;
- b) for aerial work;
- c) within 400 feet of an open-air assembly of more than 400 persons;
- d) within 150 feet of any person, other than the operator or any person accompanying the operator;
- e) within 150 feet of any vehicle, vessel or structure which is not under the control of the person in charge of the small unmanned aircraft; or
- f) within the boundary of an aerodrome,

except with the permission of the Governor.

(5) A small unmanned aircraft shall be operated in such a manner as to minimize hazards to persons, property or other aircraft.

(6) The Governor may require that a person who intends to operate in the Territory a small unmanned aircraft with a mass of more than 400 grammes, excluding its fuel but including any articles or equipment installed in or attached to the aircraft at the commencement of its flight, must provide the Governor with such information regarding the purpose, scope, location and manner of operation as the Governor may prescribe.

---
